WAVELAND'S PIRATE HOUSE, TO BE LOCALE FOR COLOR PAGEANT WEEK

Mrs. E. H. Singreen Places Ante-Bellum Mansion at Disposal of Committee—Three-Day Event on Coast—1500 People To Participate in Seven-City Program.

Pageant Week—March 17, 18, 19, 1939—on the Mississippi Gulf Coast has taken on most amazing proportions. There will be more than 1500 participants in costume, each of the three days. These will include Indian, French, Spanish, English, Slavonian, Irish, American Colonists, Mythological subjects, Pirates and Notables of the early days, besides Legionnaires and cadets in uniform, all taking an active part in the portrayal of historic legendry, mythological or modern day events.

City of Seven Flags

In Biloxi the principal entertainment will be Biloxi under Seven Flags, which will be presented each evening from March 17 through the 19, in the Auditorium of the new Community Center, by professionally directed cast of 200 men, women and children in costume. In the eastern part of the city the Slavonian colony will entertain with folk music and dancing in costumes, many of which have been made abroad. While in the western section of town, St. Patrick will be honored by descendants of Irish settlers and their friends at an afternoon tea, with typical Irish songs and dances.

In Ocean Springs, at 430 each afternoon, the landing of O'berville and his expedition will be re-enacted with precision and dignity, by 100 or more Frenchmen, and about 50 Indian braves, squaws, and papooses. This pageant will be staged in realistic manner and all costumes will be exact copies of the original as portrayed in old paintings. The boats will be old-worlding to fit into the picture as described by Pierre leMoigne Sieur d'Iberville in his report to his King, Louis XIV.

Gulfport's Water Pageant

At Gulfport, the outstanding entertainment will be the Water Pageant, which will be staged each evening at 7:30 at the new Bert Jones Yacht Basin. Here King Neptune and his court of 200, professionally trained subjects, will portray a mythological story in appropriate costumes and setting. This spectacle will be brilliantly lighted, and is expected to attract visitors and home-folks alike.

The Joe Graham Post, American Legion, and Ladies of the Auxiliary, will be in uniform ready to direct visitors over the city and to the Government inspected boat, Cavalier, which will be waiting to take guests to old Fort Massachusetts, on Ship Island. This boat will make three round trips each day during Pageant Week. Groups of negro spiritual singers will be an added attraction.

Gulf Park College

Gulf Park College will be the scene of one of the outstanding entertainments of Pageant Week. Here will be staged the Coast-wide Flower Show, with Garden Club women from the entire coast in charge. Many of these ladies will be in colonial, ante-bellum, or garden costumes. A group of Gulf Park girls will lend color and atmosphere by a specially planned program of dancing.

At Pass Christian

Pass Christian will entertain with two distinct programs. The first will be in pageant form and will portray, "The Return of Zachary Taylor, Hero of the Mexican War." Young Jefferson Davis will be a leading character in this historical presentation. "The Blessing of the Fleet," an old world custom annually observed on the Coast, will be re-enacted each morning during Pageant Week, after which a sea-food luncheon will be served. A tour of homes and gardens will be conducted by specially designated group. This will include a visit to the world famous Hecht Japanese Garden.

Bay St. Louis-Waveland

Bay St. Louis and Waveland will have a diversified type of entertainment, such as will be seen nowhere else on the coast. There will be a Home-coming at St. Stanislaus College and St. Joseph Academy for students and friends all over the world. These schools were established along the shore of Bay St. Louis in 1854. At Pirate House, each day during Pageant Week, pirates in costume will serve a delicious breakfast, and many a "Mammy" in kerchief and print will give souvenir prizes and sing lullabies. Then, too, ladies in hoop-skirt and lace of antebellum period will welcome guests to old homes and gardens.

HANCOCK 4-H CLUBS ACTIVE

Miss Peters, Home Demonstration Agent, Announces Extra Meetings and Socials.

Miss Peters is meeting 4-H clubs this week and sponsoring several extra meetings and socials. Plans were made with the 4-H club girls and their leaders, Miss Mary Parsons and Mrs. A. G. Fuent, to have an extra all-day meeting at Kiln on Saturday, February 11, the day will be spent working on project requirements, learning contest rules, and how to judge exhibits that will be displayed on community and county attainment days and a social hour of songs and recreation will end the day's session.

At Catahoula Tuesday The Catahoula 4-H club girls with aid of Mrs. Williams, Miss Pauline Russ, and Mr. Lumpkin planned their valentine party which will be at the Catahoula school Tuesday night February 14, at 7:30.

The Waveland 4-H club girls are having a valentine party Friday night, February 10, at 7:30 at the Waveland School for friends and parents. Mrs. George Hammer, teacher sponsor and Mrs. H. Holderith, Mother Sponsor, are both helping the girls with plans and arrangements. The leaders training meeting for the food preservation leaders will be held in Miss Peters' office at the Court House February 17, at 10:00 o'clock. A meat canning demonstration will be given by Miss Mary E. Doney, food preservation specialist from State College.

Mother of Bay St. Louis Resident to Celebrate Ninety-Fifth Birthday

Ninety-five candles will be lighted on the birthday cake of Mrs. E. A. Soule, of 403 Linares avenue, San Antonio, Texas, when she celebrates her birthday anniversary at the home of her son and daughter-in-law, Mr. and Mrs. Charles A. Soule, Sunday, February 12. She also has another son, Clarence A. Soule, who resides in Bay St. Louis with his wife at the corner of Dunbar and Carroll avenues, the latter a sister of Mrs. Archie Letten also of Bay St. Louis. Mrs. Soule also has a daughter, Mrs. J. A. Spangler, who resides in Kendall, N. Y. Mrs. Soule lived in New York and Michigan prior to the death of her husband more than 36 years ago. Since that time she has made her home in San Antonio with her son and his wife. For the past three years following a hip injury, Mrs. Soule has been confined to her bed but is in good health otherwise. Her chief interests outside her home during her more active years was in the Methodist church, of which she was a member, and in the work of the Order of the Eastern Star.

occasion. Mrs. Singreen will throw the doors of the mansion wide open and the many guests within our gates will receive a warm, personal welcome. Placing the disposal of her beautiful home and its antique objects of art, and permitting the local pageant committee to serve a breakfast typifying the spirit of the Deep South, of ante bellum days, will prove an outstanding contribution to Gulf Coast Pageant Week.

Breakfast and a program of entertainment at the Pirate House will be one of the hot spots of the three-day pageant. It will be the Bay-Waveland and Hancock County's contribution, and which Mrs. Singreen has made possible by placing her premises at the disposal of the project and committee's gracious gesture not to be lost sight of by the thinking and appreciative mind.

Thus the entire three days of Pageant Week on the Mississippi Gulf Coast will be filled with such a diversified program of entertainment as has never before been staged in the Deep South. Events are so scheduled that visitors, even on limited time may enjoy major programs in which they are especially interested.

MAYOR ASKS FOR A GENERAL CLEAN-UP OF ALL PREMISES

Will Co-Operate With Residents—Seeking to Beautify Town for Pageant Week.

Mayor G. Y. Blaize has issued the city's official proclamation asking all residents of Bay St. Louis to co-operate and to join in the city-wide move, beginning next Monday, to beautify Bay St. Louis by a general cleaning of all premises.

He asks that no rubbish or accumulation be burned; that the city trucks are at the disposal of all who may have stuff to be moved away. A call at the city hall during the day or at his residence at night will bring the desired results. "If we are to entertain thousands of visitors here during the month of March at that period to be known as 'Pageant Week,' he says, 'then we ought to begin now cleaning up and generally sprucing up our dwellings and surrounding grounds. A little paint will go a far way. The city is willing to lend the use of its men and city trucks to remove all garbage and garden accumulation, without cost or obligation.'

This will serve as a general spring cleaning, he said, and the subject should appeal to everybody's civic pride, and he thinks there is plenty of that here. All that is needed is a start, a little competition. No neighbor will want the others to outdo he or she.

At a meeting of the Garden Club and Pageant Committee held Wednesday morning at the home of Mrs. J. Roland Weston, it was suggested that all For Rent and For Sale signs be removed. That does not do a community any good. Then there are the objectionable advertising signs stuck in many places, all of which have no advertising value and detract from general appearances. Mayor Blaize asks the co-operation of the people. He solicits offers from the public to work with him. Write him a letter to that effect; telephone him and say, 'Mayor, I am writing you for the City Beautiful one hundred percent.'

COUNTY AND CITY TEACHERS HOLD JOINT SESSION IN BAY CITY

Program Presented to Large Assembly—Mrs. C. C. McDonald Principal Speaker.

Joint meeting Monday evening of Hancock county and city of Bay St. Louis teachers, at Bay High School auditorium, was largely attended and proved an event of interest and of constructive result.

Teachers declared it one of the outstanding sessions of the kind and out-of-town visitors were loud in their praise of the reception and manner in which the entire affair was handled.

Invocation was by Mr. Q. McCormick, followed by business of the association. "Sweet and Low" was given voice in chorus and followed by "Drink To Me Only With Thine Eyes," in sextette, sung by Misses Martha Chapman, Rena Nelson, Bavel Garcia, Rose Anne Moore, Carrie Lynn Nolan, Ruth Sanford.

The high feature of the evening was the address by Mrs. C. C. McDonald, secretary City Board School Trustees, who discussed various phases of subject appropriate to the occasion.

Program came to a close with the following numbers:

Primary Room—Teaching reading in primary grades...Mrs. C. Ashcraft Grammar Grades—Value of reading in Upper Grammar Grades...Mrs. Anderson High School—Value of Oral English in High School...Miss Bessie Givens

Therefore, I, G. Y. Blaize, mayor of the city of Bay St. Louis, do declare this my official proclamation for Clean-Up Time, and I appeal to the civic consciousness of every property owner and resident to join in this campaign for general clean-up and beautification, and as sponsored by the Bay St. Louis Garden Club.

BOY SCOUT WEEK OF AMERICA

Twenty-Ninth Birthday of Scouts Celebrated Over Nation This Week.

Responding to the theme "Scouting Carries on American Ideals" more than a million and a quarter scouts and scouters (adult leaders) will today launch a series of activities in celebration of Boy Scout Week, marking the 29th birthday of the Boy Scouts of America, first incorporated in the District of Columbia on February 9, 1910 and later granted a Federal Charter by Congress. Since the earliest Scouts were enrolled a total of 8,400,000 boys and men have been members of the Boy Scout movement in this country and have participated in its constructive program of patriotic citizenship activities, of which the current plans are typical.

The Scout Birthday today, will be patriotically produced. Real, live trees drenched with snow, icicles and scenes from the Arctic will decorate the interior of the vast hall.

A tableau vivant will show after the arrival of maids and dukes who will take their position on the floor with their backs to the stage forming a fitting ground setting to the stage.

No children, regardless of age, will be admitted without a ticket. There will be no children's tickets, one price—that of fifty cents, applying to ladies, gentlemen and children alike. The production is not only to add interest to the Mardi Gras season but is for a benefit, to relieve the pressure of the heavy debt overhauling the convent auditorium, and is under the direction of S. J. A. Mothers' Club.

The identity of the king and queen remains unrevealed. But we are authoritatively told that both are young and unattached. Enough said.

Tomorrow has been named Scout Citizenship Day, when in school assemblies and at other civic programs Scouts will demonstrate the contributions they are making to the civic life of their own school and community groups. Scouting is increasingly becoming a factor in the life of public and parochial schools throughout the nation and leading educators in all sections are cooperating to that end. Dr. Dan Kelly, Superintendent of Schools in Birmingham, N. Y., is chairman of the special national committee on scouting in the schools.

Friday, February 10, will be Scout Brotherhood Day, when every Scout Troop meeting that night has been urged to have scout guests from one or more other troops especially for the purpose of demonstrating the Scouting truth that a Scout is a brother to every other scout, regardless of race, creed or class.

On Saturday, February 11 troops and senior scout groups, including sea scout ships, will carry out useful projects illustrating the well-established fact that "A Scout Is Helpful." These events will mark Scout Service Day, on which scouts will be alert to discover and execute service enterprises of value to their own communities or to prominent street corners, the sort of services that mark their pledge to "Do a Good Turn Daily" as a part of their Scout Promise.

The large crowd gathered at Nicholson avenue and Kiln Highway were very much entertained by the nine races which were run Sunday evening. No athletic events were possible as the people would not keep within the lines. However, the main crowd was tactful—but inevitably the races would have to

Official Proclamation

Proclaiming Clean-Up Time For All Residents of Bay St. Louis for Pageant Week.

WHEREAS Bay St. Louis is one of the group of the pivotal cities by-the-sea to be the scene of Pageant Week activities for the Mississippi Gulf Coast, March 17, 18, 19, and

WHEREAS it is expected during the three-day pageant period from 3000 to 5000 tourists will visit this section, it behooves one and all—every resident—to begin now to embark upon a general clean-up campaign of all private and business premises, to further beautify our gardens and yards, particularly along the Beach Boulevard and principal side streets in order our city may appear to advantage; that the visitors may receive that first which is always a lasting impression of this section and that we may reap the fullest benefit to accrue from such event.

Therefore, I, G. Y. Blaize, mayor of the city of Bay St. Louis, do declare this my official proclamation for Clean-Up Time, and I appeal to the civic consciousness of every property owner and resident to join in this campaign for general clean-up and beautification, and as sponsored by the Bay St. Louis Garden Club.

There will be a general meeting and rehearsal of all participants in the Bay St. Louis Carnival Court Sunday evening at 7 o'clock, at St. Joseph Memorial Hall, the scene to be of the Carnival Ball to take place one week from this Friday—February 17.

Committee in charge requests a full attendance. There will be a change in the procedure of march and assembly and it is important to have every duke and maid present, some forty or more in number. This is urgently requested by the committee in charge. There will be no other rehearsals but this one.

A decided change in presentation is planned and will be carried out, declared the chairman in charge of this phase of arrangements, and, if possible, and it seems so, all previous efforts will be eclipsed. Ice, snow, and plenty of it, will be realistically produced. Real, live trees drenched with snow, icicles and scenes from the Arctic will decorate the interior of the vast hall.

A tableau vivant will show after the arrival of maids and dukes who will take their position on the floor with their backs to the stage forming a fitting ground setting to the stage.

No children, regardless of age, will be admitted without a ticket. There will be no children's tickets, one price—that of fifty cents, applying to ladies, gentlemen and children alike. The production is not only to add interest to the Mardi Gras season but is for a benefit, to relieve the pressure of the heavy debt overhauling the convent auditorium, and is under the direction of S. be moved off the public highway, and until Benigno's Tavern on Highway 90 finish the circular track, now under construction the races will have to be discontinued. This sport is becoming more and more popular—not only here and in the upper part of Hancock county, but along the Coast as well. Some very fine horses were brought over from Biloxi and other Coast points and the owners were well pleased with their evening's fun.

Due notice will be given as soon as the Benigno Tavern track will be completed.

ENTHUSIASTIC MEETING AT GULFPORT THURSDAY FOR GULF COAST PAGEANT

ANNUAL FOOTBALL BANQUET

At St. Stanislaus College to Team and Sidelines Club Is Tops of the Week.

There was a splendid gathering of young and older men, numbering from one hundred to one hundred and twenty-five in the main dining room of St. Stanislaus College on Thursday night of last week.

The occasion was the annual banquet given by the college, Brother Peter, president, honoring members of the football team of 1938, undefeated, a credit both to the team and to their coach, Arthur "Slick" Morton, who shares much of the credit due his men.

President Bro. Peter was host, the Rev. Leo F. Fahey was the brilliant and witty toastmaster, for which he has a long-established reputation. And none escaped his keen-witted references and pungent expressions, adding to the refreshing atmosphere of the evening that seemingly flitted by too quickly.

And then there was the feast for the inner man. Bro. Gonzaga, chief of the culinary department, directed a menu that represented selection and the kind of cuisine that is an art. Hot oyster patties of delectable pastry and fitting of taste that long fingers, followed the tomato aspic salad course. Then the irresistible filet mignon, the piece de resistance of all gourmets and connoisseurs, was served piping hot and with sauce of most savory taste. Cauliflower with white sauce and the most diminutive of petit pois, in addition to potatoes, served as the vegetables to a well-balanced meal. Hot rolls and good wine followed later, with cake and bisque glacie and last but not least the demi-tasse that connoisseurs of the art of coffee should be served, everything was piping hot, even to the demi-tasse, a chief essential.

It was not difficult to see that artistic minds and busy fingers had worked in evolving a most effective decoration, getting away from the conventional style. From many strings not far from the ceiling, hung long and thin, the college colors. Apparently there were over a thousand pieces, evenly cut and hung with the utmost precision and uniformity, every space equally divided. Much work and with telling result.

There was a speakers' table. On both sides of the long and wide dining hall, tables extended outwardly from the head table. In the center of dining room space two more long tables extended parallel to the others. Cut flowers in season enhanced the beauty of the festal board.

Personnel of the gathering represented members of college faculty, Bro. Peter, president; Bro. Alexis, vice president; Bro. Benedict, athletic director; Bro. Romuald, music instructor; coaches, members Sidelines Club, other guests and members of the football squad and seniors. It was a notable gathering and one to be remembered.

Following is the program of speakers for the evening:

Rev. Leo F. Fahey, Toastmaster. Mr. Walter J. Gex, Jr., President Sidelines Club. Coach Arthur (Slick) Morton. Mr. B. Frank Brown, Supt. Gulfport Schools.

Mr. Geo. W. Ditto, Supt. Biloxi Schools. Mr. S. J. Ingram, Supt. Bay St. Louis Schools.

Mr. Chas. G. Moreau, Editor Sea Coast Echo. Mr. Lucien M. Gex, City Attorney.

Brother Benedict, Athletic Director, S. S. C. Mr. Harry Martinez, N. O. States. Mr. Forster Commagere, Track Coach, S. S. C.

Mr. Henry "Zeke" Bonura, former Stanislaus star athlete.

Mr. Arthur Fix, captain, 1938 Football Team. Brother Romuald, music instructor.

Brother Peter, President St. Stanislaus.

Addresses were essentially interesting inasmuch no two were alike, each speaker dwelling on an entirely different phase of the subject of

An extremely enthusiastic crowd, comprised of representatives from the entire Gulf Coast gathered at the Markham Hotel in Gulfport, Thursday night, to tell of their plans for Pageant Week, March 17-19.

Working as one unit, the Gulf Coast from Waveland to Ocean Springs will cooperate wholeheartedly at this time to show visitors from away, the beauties and places of historic interest along the Coast. Pirates in costume from Bay St. Louis and Waveland will serve breakfast in the former hide-out of LaFite and his cut throat crew, at the Pirate House, the present home of Mrs. E. H. Singreen in Waveland.

A colored male quartet from the Jackson house in plantation costumes will sing old southern melodies in the George Pitcher's garden. Thes Walter Gex garden will be presided over by pretty young girls in ante bellum costumes. Other gardens open to the public will be that of Mr. and Mrs. Claude Kohler, Mrs. Minna Briggs and the Blanc Monroes.

"Our Lady of the Woods" shrine in the convent garden, and the St. Joseph's Feast at the Maurigi home in Union street will attract visitors also.

Pass Christian will entertain with two separate programs. There will be a pageant portraying, "The Return of Zachary Taylor, hero of the Mexican War." "The Blessing of the Fleet," annually observed on the Coast, will be enacted each morning, followed by a sea food luncheon. The school children will present a song fest. Gulf Park College girls in ante-bellum costumes will give a specially planned program of dancing.

A gigantic water pageant will be staged each night at 7:30 P. A. at Gulfport at the new yacht basin. The Joe Graham Post American Legion and Auxiliary will direct visitors over the city. Negro spiritual singers will also entertain with songs.

The U. D. C. will hold a reception at Beauvoir, home of the President of the Confederacy. Refreshments will be served by ladies dressed in costumes of the 1860's.

The Gulf Coast Military Academy will present a dress parade each afternoon.

Golf Ball Sales

Representative Visits

Mississippi Gulf Coast

C. L. Hornung, direct sales representative of "Colonel" golf balls, manufacturer exclusively for Jack Jolly in the Spalding Manufacturing plant at Chicopee, Massachusetts, was a visitor to the Mississippi Gulf Coast for the past two weeks, visiting the different golf courses.

Mr. Hornung, besides being a very likable fellow, is a golfer of no mean ability. He has played the Pine Hills course several times joining local players and praises the course, saying that it is one of the best laid out courses in the United States.

Besides selling Colonel golf balls, Mr. Hornung represents the C. W. Hackney bench-made "woods" which clubs have taken with all the golf pros in the southern section of the country. These clubs are known as arc weighted clubs, carrying additional weight which gives longer and straighter balls off the tee.

A supply of "Colonel" golf balls will be found at the club house at Pine Hills as well as at golf clubs all along the Mississippi Gulf Coast. It will pay golfers to try this new make of balls—they are good looking, travel farther and are gaining popularity wherever known and used.

Zeke Bonura, alumnus, paid tribute to Bro. Peter and Forster Commagere, coach of his time, and said the five years spent at St. Stanislaus college were the happiest of his life.

It would be hard to find a gathering more united in spirit, pledged in loyalty to St. Stanislaus to the very last drop of blood, so to speak. Here were the knights of Sidelines doing from the ranks of our most representative citizens; others high in position and influence from various pursuits. It was a great event, celebrating a season's accomplishment and the Letter Men and others congratulated. The sweaters arrived the day or two following and the recipients are justly proud of the handiwork garments of the kind we have yet seen. All luck and more power to the football squad, present and future, and to St. Stanislaus College.

CANDIDATES MUST TELL THE TRUTH.

UNDER the terms of the new Corrupt Practices Act, candidates for office in Mississippi must tell the truth—and nothing but the truth—about their opponents.

The Grenada County Weekly puts it this way: "If one candidate tells that his opponent stole a hog when he stole only a fresh ham, he has committed a misdemeanor. When one supervisor candidate accuses his opponent of using county gasoline and oil, and the aggrieved one can prove that he used nothing but gasoline, the liar can be punished. If one candidate for constable accuses his opponent, the present constable, of getting a rake-off in the form of money from the saloon-keepers when, as a matter of fact, all he received was a half-pint now and then, a crime has been committed. This election is going to be tasteless, insipid and innocuous indeed with lying eliminated. But this isn't all. Under the terms of the Corrupt Practices Act it is unlawful for a candidate to make any promises regarding deputyships or jobs, or to commit himself in advance as to the expenditure of public funds for materials or supplies.

"If this law were enforced," says the Grenada County Weekly, "it would bar candidates now running for Governor from promising \$50 a month in old age pensions, free hospitalization, free school books, or free wood and water, as an inducement to secure votes."

SHOULD CHURCH AIDES BE TAXED?

D. R. L. Scarborough, president of the Southern Baptist convention, said at Fort Worth, Texas, Monday, a proposal to place salaried officials and employees of churches under provisions of the Social Security Act was "a threat to the bill of rights and Baptist consciences."

Adoption of the proposed amendment to the act, he said, would violate the principle of separation of church and state by making church officers subject to direct taxation for religious purposes.

WHY THEY SPEND THE MONEY.

TO SEVEN leading powers of the world, according to the League of Nations' Armaments Yearbook, spent 7,400,000 old gold dollars in 1938 for military purposes. This figure does not include expenditures for semi-military public works, such as roads and airports.

The United States, France, Great Britain, Germany, Italy, Japan and Russia spent nearly eighty per cent of this total. It does not require every acute intelligence to be able to guess why they are spending the money.

RESIDENTIAL AREAS PROTECTED.

THE Mississippi State Supreme Court ruled Monday at Jackson in effect that long-established residential areas in cities have the right of protection from business invasion although no specific zoning ordinance exists. The decision affirmed the Chancery Court of Leflore county enjoining the Williams Funeral Home and Southern Undertaking Company home in the Tarver residence on the river at Greenwood.

FIRST LADY TO VISIT NATCHEZ.

OFFICERS at Natchez announce that Mrs. Franklin D. Roosevelt, wife of the president, will visit the annual garden pilgrimage scheduled to begin March 4.

Mrs. Roosevelt is expected to be the guest of Colonel and Mrs. William Kendall. Mrs. Kendall is Democratic National Committee-woman for Mississippi. The first lady is expected to lecture March 7.

SENATE TO PRAY MORE OFTEN.

THE United States Senate voted Monday to pray more often.

It adopted a resolution by Senator Neely (D-W.V.) providing that each day's session should be opened with prayer.

Previously, prayers have been offered only at the start of so-called "legislative days" which often include several calendar days.

TO BUILD PAPER MILL.

SAMUEL D. DeForest, representative of the Hollingsworth & Whitney Co., of Boston, announced at Mobile this week that his concern would begin construction early this year of a \$5,000,000 pulp and paper mill at Mobile.

Engineers employed by the Harrison county board of Supervisors report the cost of 13 miles of repair of seawall will total \$350,000. A bond issue for making the necessary repairs will be submitted to a vote of the people at a later date.

The editor of the West Point Times-Leader says that "the makers of the Mississippi constitution were probably wise when they inserted a provision making the Governor ineligible for reelection. But there are exceptions to all rules, and many of us, therefore, regret that we cannot keep Governor White on the job for at least four more years."

PUTTING OUR HOUSE IN ORDER FOR PAGEANT WEEK.

MAYOR BLAIZE and City Commissioners are respectfully calling attention of residents of Bay St. Louis to the imperative necessity of a general cleaning of premises if we are to entertain thousands of visitors here during Gulf Coast Pageant Week, March 17-18-19.

The city is calling on everyone to clean-up that back yard as well as the front yard; to clear sidewalks of weeds, to trim shaggy-looking shrubbery and over-hanging tree branches. This is a matter of public health as well, but for this particular week with so many strangers within our gates it is planned to present the city at its best.

There are quite a number of dilapidated places in Bay St. Louis that will stand attention of this kind; there will be no more acceptable time for this treatment and attention than the present.

There are many well-kept places in our city, where lawns flourish and gardens give manifestation of care, but these are outnumbered by shabby-looking premises, time-worn houses and front yard seemingly where no one lives.

It has been said the character and kind of people may easily be determined by their premises of residence. A broken fence, a one-hinge gate, an unclosed gate are all incontestable and damaging evidence. Just as the apparel proclaims the man.

It might be well for this particular Pageant Week, at least, to resolve upon a program of "clean-up" and of tidying one's premises.

The city is asking for this favor. Do we love our city, are we civic-conscious and like the red-blooded citizens of other cities? Pageant Week will tell.

MISSISSIPPI COMPETITIVE TO WARM SPRINGS, GA.

CONVERSION of Leroy Percy State Park at Hollandale, Miss., into a warm springs clinic for treatment of certain ailments is being sought by the Mississippi department of American Legion.

The present drive is to solicit the aid and interest of the National Foundation of Infantile Paralysis for investigation, without jeopardizing the state park commission through the national park commission.

A survey of the warm water flowing at the park showed that it contains sufficient mineral content to enable it to hold its heat from 8 to 10 times longer than that of Warm Springs, Georgia.

Reasons for requesting the foundation to make a survey of the Mississippi warm springs were listed as follows:

Economic land is owned by federal and state governments and therefore no taxes; recreational facilities at hand for natural recreational diversions; advantageous topography as compared with Warm Springs, Ga., and the heat level of water is 8.7 degrees warmer than that of Warm Springs, Georgia.

NEW CORPORATIONS IN MISSISSIPPI

SECRETARY Walker Wood is delighted with the increasing number of new corporations in Mississippi. If the activity registered during January is continued throughout the year, all previous records will be broken.

"The records of my office," says Mr. Wood, "show that 52 domestic corporations had their charters recorded, and 14 foreign corporations qualified during January, making a total of 66 corporations. The total of domestic capital represented in the 52 state corporations, is \$1,697,150.00; while the capital of the 14 foreign is given at \$26,497,200.00, or a total for both domestic and foreign capital represented of \$28,194,350.00. This compares with \$709,650.00 in domestic capital, and \$14,815,624.00 in foreign capital for January 1939, or a total of \$15,525,274 for the month of January 1938, or a net increase of \$12,669,076.00," concluded Mr. Wood.

This is a splendid showing, and indications are that this is going to be a record year in the industrial development of the state.

HENDERSON POINT.

HENDERSON POINT, on Bay St. Louis is keeping pace with the growth of the Coast. This section the past few months has secured many new buildings, residences costing above the average and that go to make not only for expansion of that favored section of the Coast but a substantial contribution to the assessment rolls of Harrison county.

Henderson Point has long been one of the attractive spots of the Coast. And it is not surprising to see that section coming into its own. In close proximity, its growth affects Bay St. Louis city inasmuch people residing there do their principal shopping over on this side of the waters and establish a contact with our people that is desirable and of value in more ways than one.

GOV. OF TEXAS OPPOSED TO DEATH SENTENCE.

GOV. W. Lee O'Daniel, of Texas, defending his storm provoking action in delaying the execution of a condemned negro pleaded with his constituents to help abolish capital punishment.

He said he deliberately had sought to arouse public opinion to the horror of taking a human life by reprieving Winzell Williams, negro convicted of slaying his employer, because "few forms of punishment could be more harsh than to see certain death staring you in the face day and night for 30 days."

FIRST LADY BEST WOMAN TIPPER.

RAILWAY dining car workers in New York at a meeting gave the palm to Mrs. Franklin D. Roosevelt—as the most generous tipper among women patrons.

Members of the dining car employees union also voted Morton Downey, the singer, as the most liberal tipper among entertainers. They nominated Postmaster General James A. Farley in the political world, Grover A. Whalen in business, Jack Dempsey in sports and Cornelius Vanderbilt, Jr., in society.

The vote disclosed the average man tips 25 cents, the average woman 15 cents.

Hollywood Notes.

ROBERT PRESTON is being groomed by Paramount for stardom. After "Union Pacific" he is to have a role in "Beau Geste" and the top masculine lead in Lloyd Douglas' "Disputed Passage."

"The Little Diplomat" is the title of Shirley Temple's next picture and is based on the recent European crisis.

Two stories are being written for the screen, based on Tom Mooney's imprisonment in the California jail.

Max Bear is to be the next singing western hero. He is under contract to make a series of six westerns, beginning this month.

Robert Taylor was recalled from New York to make "Lucky Night" with Myrna Loy. Miss Loy is to co-star with Clark Gable in "A Lady Comes to Town," but not until after "Gone With the Wind" is completed.

When real veterans were needed for Foreign Legion scenes, a call was sent out and 132 men answered. When a genuine Legionnaire gave the manual of arms in French 130 dropped out and only two bona fide veterans were left.

Ida Lupino and her husband, Louis Hayward, have been offered \$60,000 to co-star in a picture in England.

Although Joan Blondell and Dick Powell said it would be a long time before they signed another contract. Both are under contract for pictures in the near future. Joan will play the lead with Bing Crosby in "East Side of Heaven" and Dick is taking over roles at Metro originally intended for Allan Jones.

Dobs Watson, the little boy who acted so well in "Kentucky," has been given a part in "Alexander Graham Bell."

Fred Astaire is making the last picture called for in his contract with RKO. However, he has received fine offers from that studio and from Metro to remain in pictures.

Nelson Eddy has purchased two houses for his bride. One is in Bel Air and the other is in the valley.

One of the chief photographers of the movies figures that it costs \$20,000 more to photograph a picture with a blonde star than it does to take one with a brunette. The reason is that more lights and time have to be used to photograph blondes.

Laura Hope Crews is to play Aunt Pitty Pat in "Gone With the Wind." Barbara O'Neill and Thomas Mitchell will be cast as the mother and father of Scarlett.

Ginger Rogers' picture, "Little Mother," is the story of a girl who adopts a foundling, Douglas Fairbanks, Jr., will have the leading male role which was originally intended for Cary Grant.

Melitta Korjus may be starred in a re-make of "New Moon." It was produced in 1930 with Grace Moore and Lawrence Tibbett co-starring.

THE TAXES OF THE BREWING INDUSTRY!

The Treasury Department shows expenditures of 326 million dollars for the Civilian Conservation Corps for the fiscal year of 1938. The brewing industry pays over a million dollars a day in taxes.

What Beer contributes to the re-building of America would fill a great volume

Over 400 million dollars in taxes every year. Over 1,000,000 jobs. A market for 3,000,000 farm acres of produce.

The brewing industry would like to preserve for itself and the people the many economic benefits it has created in the past five years. Brewers everywhere realize that this is a question bound up with the proper

distribution of their mild and wholesome beverage through retail outlets whose character will be a credit to the community. Obviously, the brewers can enforce no laws. But they can—and will—cooperate with the local law-enforcement authorities. They will cooperate with every group—friend or critic—to the end that retail beer outlets give no offense to anyone.

MICKEY ROONEY AND WALLACE BEERY IN "STABLEMATES."

America's newest and most expensive racing plant, Hollywood Park, was "moved" from Inglewood to Culver City so that it could serve as the background for a motion picture.

With the exception of the various racing colors and designs, the track was recognized in perfect detail for scenes in "Stablemates," which stars Wallace Beery and Mickey Rooney and will open at the A. & G. Theater, Sunday and Monday, February 12-13.

The studio was able to make arrangements to film long shots at the real track on Sunday and Monday when there was no racing. The rest of the week shooting was impossible as there were no way to control the crowd of 30,000 horse players.

Because of the action of the story it was impossible to obtain permission to use the racing colors and designs owned by regular stables, such as the Whitney and Vanderbilt strings. After checking over hundreds of regulation insignia, the studio invented two dozen of their own.

Sunshine, according to studio cameramen, was the most difficult light to control, so for that reason the track was reconstructed on a stage, with real grass and trees transplanted in two feet of foil covering the sound stage floor.

An interesting highlight was the fact that Beery took a great interest in the construction of the stables and even gave helpful suggestions to the art director. Finally Director Sam Wood had the trailer moved behind the stables and had them moved to his valley ranch.

Screen tests were given to fifty-seven horses at Hollywood Park, and fifteen of these were chosen with a three-year-old mare, Maiden Brave, portraying the leading animal role.

With Mickey Rooney as Beery's jockey friend, the picture concerns the trials and tribulations of a former vet and a stable boy who buys a race horse that had been injured on the track, and ultimately sees him ride to victory.

ST. STANISLAUS COLLEGE GRID TEAM HONORED BY BANQUET THURSDAY NIGHT

Letters Awarded—Next Season's Schedule Announced—Gold Awards by N. O. Picayune—Tributes Paid.

By Harry Martinez.
St. Stanislaus college's undefeated football team which played a 6-6 tie with Jesuit Blue Jays in the Times-Picayune Toy Bowl game were honored in Bay St. Louis Thursday night with a banquet at the college that brought Rockchaw stars of other years back home. The boys and their coach, Arthur "Slick" Morton, were highly praised for their work.

"I've never had a team that I was more proud of than the Stanislaus team of the past season" said Brother Peter president of the college. "We had boys who didn't have to be watched. They kept in fine condition and obeyed all rules. The results proved that they had fine team spirit and the will to win." Brother Peter thanked the Saint Stanislaus Sidelines Club for their fine co-operation and also spoke highly of the team's coach, a former star of L. S. U.

Letters Awarded
Football letters were awarded to the following players: Captain Art Fix, C. J. Taylor, Warren Dewey, J. C. Strong, Ellis Hudson, Elmore Gibbons, Frank Bell, Joseph Polse, Frank Winn, Melroy Didier, Earl Melancon, James Ryan, Wallace

Gold Awards Made
Gold footbolls were presented by the Times-Picayune-New Orleans States to the boys who participated in the Toy Bowl game and every one expressed a desire to be back in New Orleans to play in the bowl next December.

"The Stanislaus team was made up of the greatest bunch of boys I have ever coached," said Slick Morton. "They showed that they represented a great team when they beat G. C. M. A., a team that had previously beaten Istrouma, Louisiana state champions."

The Sidelines Club was praised for its fine co-operation and all officers which includes Walter Gex, president; Grady Perkins, vice-president, and Junior Fahey, secretary, were re-elected by acclamation for another year.

Tribute Is Paid
Commagere paid a fine tribute to the team when he said that the boys had the spirit of St. Stanislaus college, and he also praised Coach Morton for having done wonders in his first year as football coach.

Commagere is slated to return to the college as baseball and track coach. He turned out some of the greatest teams in St. Stanislaus history years ago.

The banquet was the biggest at St. Stanislaus in years, attended by many leading citizens of this community who gave the Rockchaws wonderful support during the football season and formed the long motorcycle to New Orleans for the Toy Bowl contest.

City Needs Five Hundred More Dwellings To Accommodate Industrial Workers.

Returning to his office after spending part of last week at his Columbia home, Governor Hugh L. White announced receipt of messages from the Pascagoula authorities declaring that 500 new homes will be necessary to house new residents there as the result of the big industrial program soon to get under way.

Governor White quoted the officials as saying that a new hotel would also be needed, and that in all probability construction work would soon start on one.

The federal maritime commission at Washington Friday awarded a \$10,400 ship-building plant that was recently located there by the Ingalls Iron Works Company.

Coincident with the announcement the governor was advised that the new Pascagoula woolen mill plant, now under construction, would be doubling its working force.

Each of the new industries were established under the governor's program designed to balance agriculture with industry.

Azaleas, Japonicas Gain in Popularity

Pascagoula, Miss.—More azaleas and japonicas are being planted in Jackson county and along the Mississippi Gulf Coast than in many years, according to Hardy Rawsay, landscape gardener. Of the varieties now available, many have originated in this section and in Mobile, said Mr. Ramsey, and they grow to perfection from Mobile to New Orleans. In the residential sections of these cities and the highway along the Mississippi coast these plants will be seen in full bloom for the next few days.

In Tribute and Thanks To The Forty Hours Devotion This Week.

Editor Sea Coast Echo:—Forty Hours Devotion, begun Sunday and concluded Tuesday evening at the Church of Our Lady of the Gulf was one of the most sublime and inspiring occasions I have ever attended. With all the simplicity and solemnity of the church, the devotional exercises were carried out in a manner that won lasting admiration and recreated a new hope in the human breast and the faith in the Real Presence.

The altars were rich in the soft colors of many gladiola blossoms, artistically arranged, giving the church a devotional atmosphere. On Sunday night the Rev. Fr. Leo F. Fahey conducted the ceremony and gave a very inspiring sermon on the Holy Sacrifice of the Mass.

On Monday night the Rev. Patrick Moran officiated and spoke of the tender love of our Sacramental King.

Sunday the pupils of St. Joseph Academy gave a prayerful rendition of Missa cum Jubilo and every evening sang the hymns which formed a part of the Forty Hours devotion. Each day of adoration was opened with High Mass beautifully rendered by the Brothers of the Sacred Heart.

The altar boys showed careful training in their duties about the altar. Their knowledge and successful service was evidenced.

Parishioners who failed to attend the exercises of the Forty Hours Devotion at the Church of Our Lady of the Gulf, of which the Rev. Father A. J. Gmelch is the beloved pastor, missed a spiritual treat, the revelation of a most impressive ceremony and the memory of a never-to-be forgotten church event. It was indeed a privilege to attend such spirituality and its accompanying sublimity.

I wish to add my humble tribute of praise and to voice my thanks to God that I was privileged to be present to thank the local church and its priestly fathers who made possible these devotional exercises.

Tons

of Prevention

WHEN you see those interesting big gray-green Southern Bell trucks rolling along, you're likely to think they are going to the scene of some break in the telephone lines. Breaks ARE repaired quickly, day or night, but merely repairing breaks after they occur wouldn't provide the kind of telephone service you're entitled to. It is also necessary to prevent interruptions to your vital telephone service. This is done by constant checking—replacing weak units—reconstructing in accordance with new knowledge and materials—maintaining unceasing vigilance over the long distance lines to locate and correct faults before they become serious. The number of "troubles" on Southern Bell lines has been reduced two-thirds in ten years, by using such "tons of prevention", as well as "tons of cure". These "tons" of prevention are one part of the Bell System's constant effort to insure for you a constantly improving telephone service that is efficient—dependable—economical.
